PROFILE SUMMARY

Experienced software engineer with a background in React JS and Flutter development, eager to embark on new challenges and contribute to innovative projects. With a solid foundation in software engineering principles and recent expertise in React JS and Flutter, I bring a diverse skill set honed over eight months of hands-on experience. My adaptability and commitment to continuous learning enable me to excel in dynamic environments, where I thrive on solving complex problems and driving project success. I am excited to join a new team, bringing fresh perspectives and contributing to the development of cutting-edge solutions in a collaborative setting.

KEY SKILLS

Python	Git	React	Flutter
Team Work	Html CSS JavaScript	Analytical skills	
Communication Skill	Adaptability	Leadership Quality	Honesty

WORK EXPERIENCE

SOFTWARE ENGINEER | Oct 2023 – Present

UL TECHNOLOGY SOLUTIONS, KOZHIKODE KERALA, INDIA

- Worked extensively on projects involving React JS, contributing to the development of web applications.
- Took responsibility for the development of both web applications and Android applications, showcasing versatility in skill set.
- HTML and CSS Proficiency: Well-versed in leveraging HTML and CSS to create and design engaging and responsive user interfaces for web applications, demonstrating a solid understanding of front-end development.
- Familiarity with Flutter Development: Experienced in the development of cross platform mobile applications using the Flutter framework, with a growing proficiency in its utilization.
- Collaborated closely with team members to foster effective communication and ensure seamless project execution.
- Engaged proactively with stakeholders to understand their requirements and expectations, ensuring alignment with project goals.
- Demonstrated flexibility by joining multiple teams and contributing to various projects as per client requirements, showcasing adaptability and versatility.
- Dedicated efforts to identify and address bugs, enhancing the overall stability and performance of the application through effective bug fixing.
- Conducted testing activities to ensure the functionality and quality of the implemented features

INTERNSHIPS

KELTRON TRIVANDRUM | May 2022

Internship in IOT

CDAC KOCHI | July 2021

Online Internship program in IOT, ML, VR

PROJECTS

- Project Name: Task Tracker**
Project Details: Worked alongside a team of 12 members to develop a Task Tracker web application, which facilitated the monitoring of task progress assigned to employees.
- Project Name: Real Time Indian Sign Language Recognition System**
Project Details: Developing a dual mode of communication for hearing impaired persons using image processing and machine learning.
- Project Name: Tension Based Distribution Line Break Detection and Early Warning System**

PERSONAL STRENGTHS

- CONTINUOUS LEARNING** - Eager to expand knowledge and skills through ongoing training and professional development opportunities, staying abreast of technological advancements and industry best practices.
- COMMUNICATION** - Interpersonal skills - verbal, problem solving and listening skills in any administrative role.
- PROBLEM SOLVING** - Resourceful problem solver skilled in analyzing complex issues, troubleshooting software challenges, and delivering effective solutions for seamless project execution and client satisfaction.

PERSONAL DOSSIER

Gender	: Male
Date of Birth	: 09-10-1999
Nationality	: Indian
Marital Status	: Unmarried
Permanent Address	: Mambuzhethu, Kannankarabhagom, Panmana(P.O) Kollam, Kerala, India.

DECLARATION

I hereby declare that the above-mentioned information is true and I bear the responsibility for the correctness of the above-mentioned particulars.
